– whereof Zero Emission Vehicles		321	156	106

* TRATON Group merged significant parts of the research and development departments of the individual brands into a cross-brand, group-wide research and development organization, which was completed on June 30, 2025. There was also a change in the group management of TRATON Group, which has an impact on TRATON Group segment reporting. The change affects the expenses and intra-group income incurred in cross-brand research and development and used for segment reporting. As a consequence Scania Performance reports is as from 1 July 2025 according to TRATON Group segment reporting.
