

# COMPLETE PEOPLE TRANSPORT SOLUTIONS

# SCANIA'S PEOPLE TRANSPORT SOLUTIONS

Every journey is unique. Whether operating in busy city streets or on long-distance routes, Scania helps businesses reduce costs and increase efficiency and uptime – through complete solutions tailored to meet local needs.

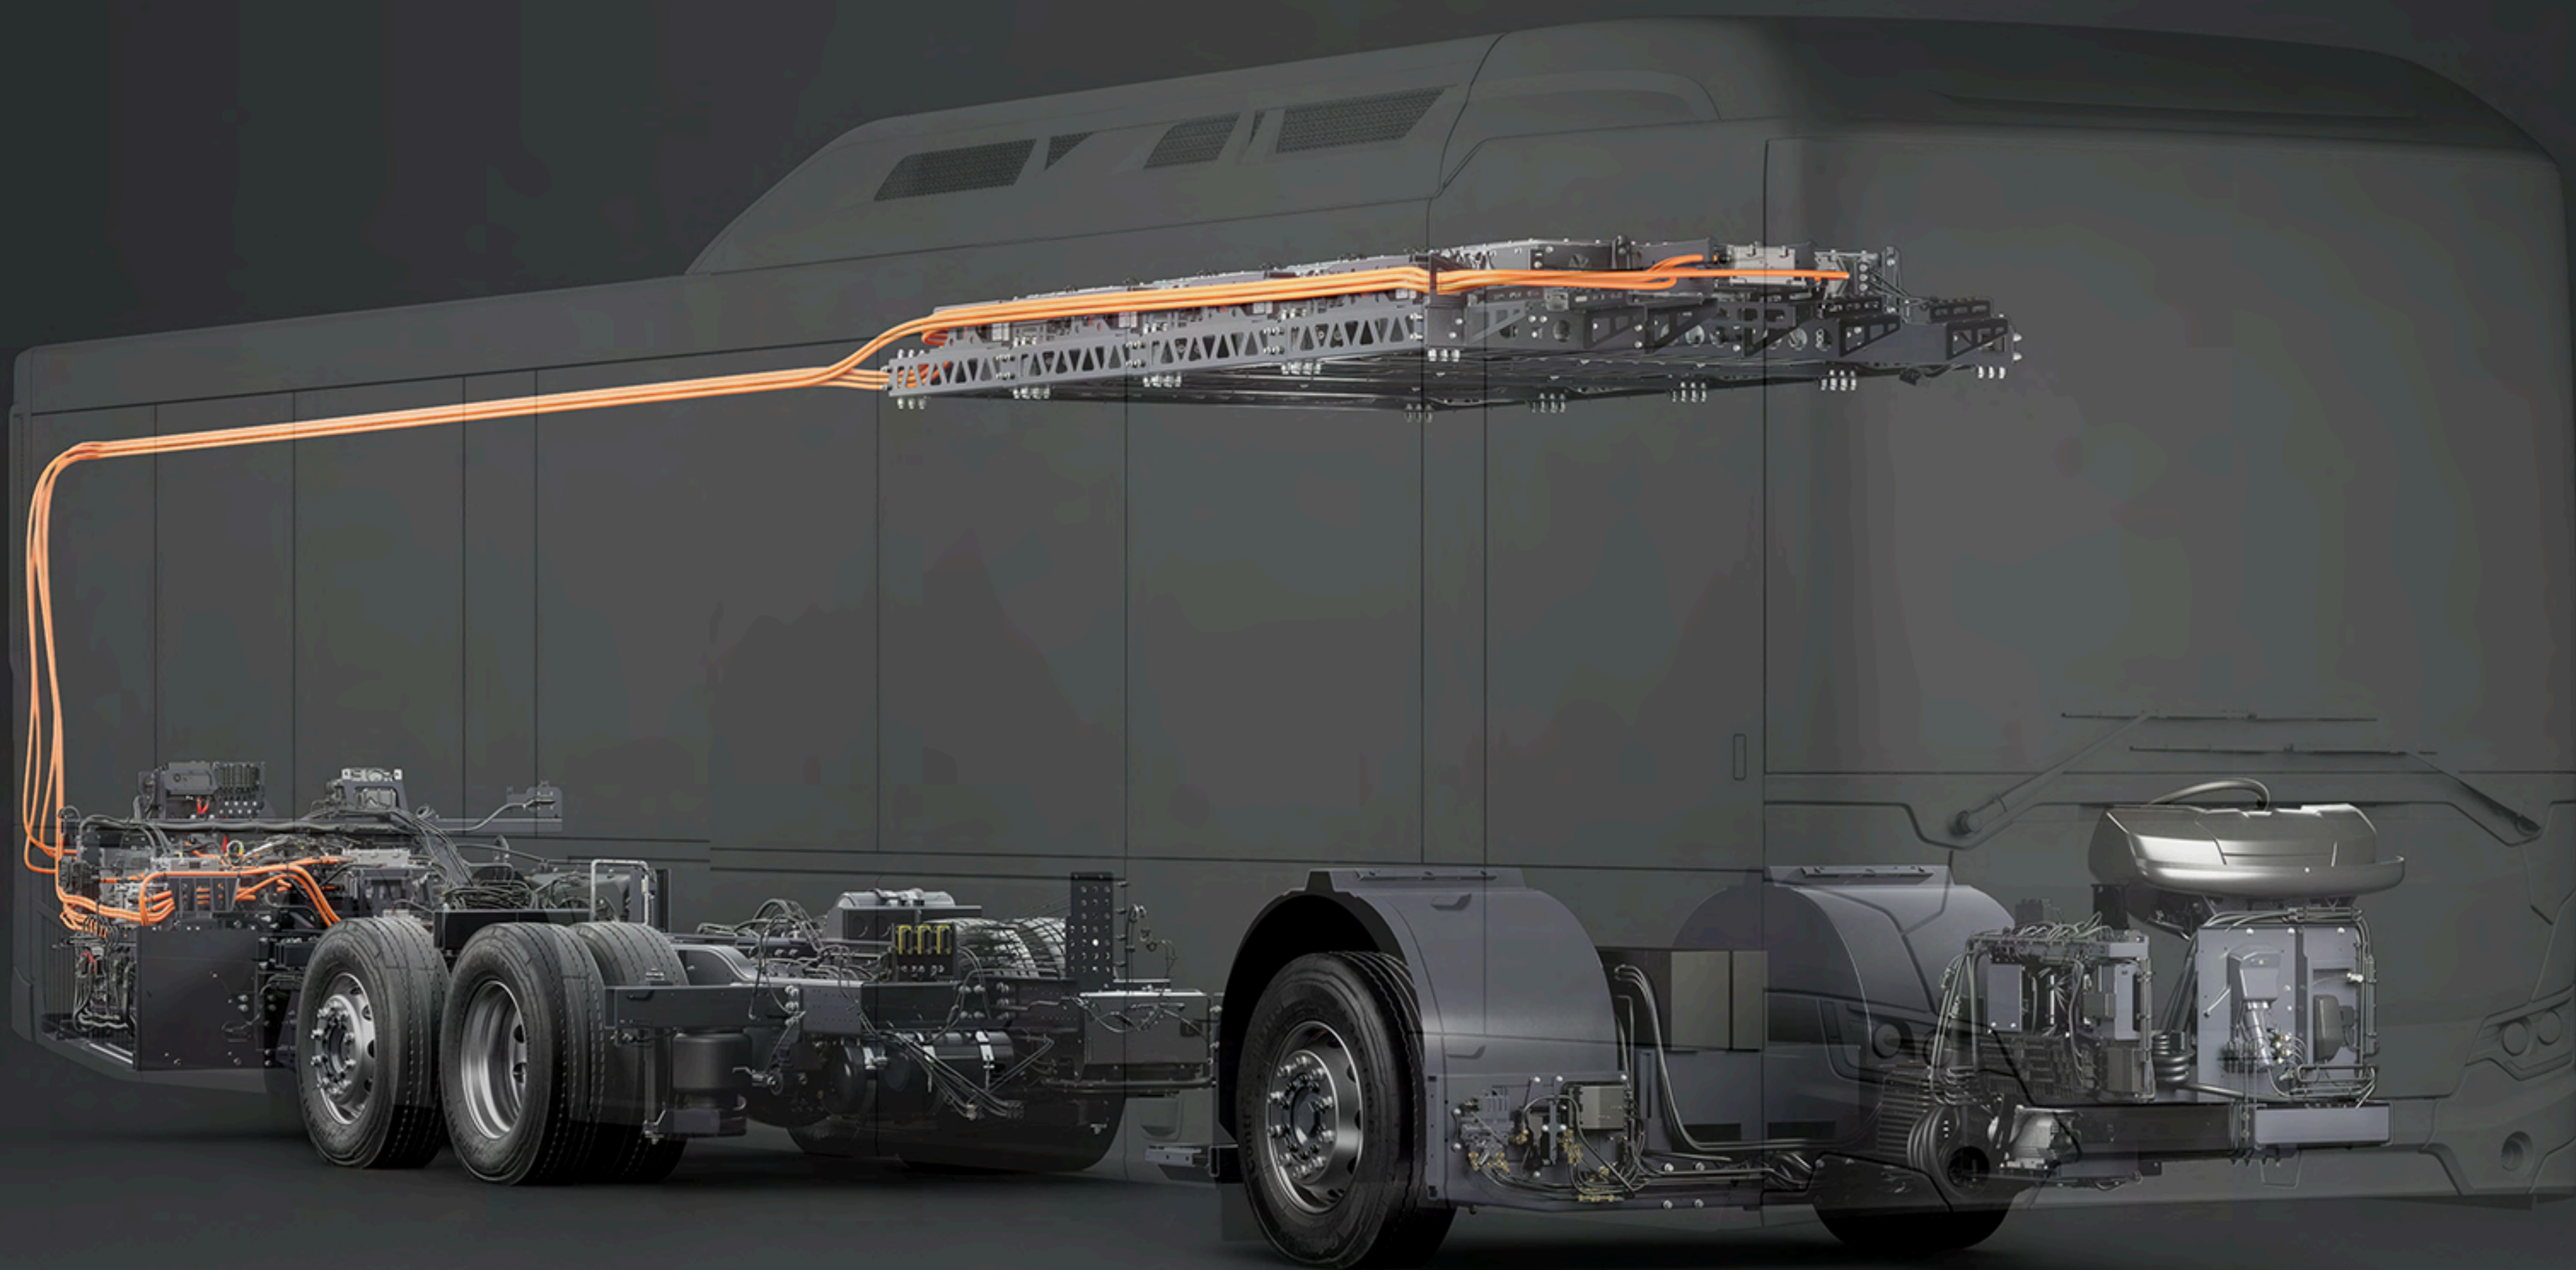

# COMPLETE BUSES/COACHES

Scania delivers ready-to-run buses and coaches, developed in partnership with bodybuilders to meet local needs.

Adapted to meet  
operational requirements

# FINANCIAL SERVICES

Financing and insurance solutions tailored to specific needs, providing economic prerequisites, predictable costs and peace of mind.

## Scania Insurance

Covers infrastructure and mixed fleets

## Scania Finance

Support for expansion, fleet renewal or electrification

# E-MOBILITY SOLUTIONS

Electrification is about more than the vehicle. Scania can provide complete and tailored e-mobility solutions covering vehicles, services and systems.

Solutions cover everything from analysis of needs and prerequisites to defining the right products and services and ensuring operations run optimally.

# RENEWABLE FUEL SOLUTIONS

Scania and partners facilitate the shift to renewables, with a range of fuel options and strong partnerships to support the transition.

 Support from start to finish – from permits and financing to waste management and biofuel production.
