Keeping your Scania in perfect working condition is easy and benefits your profitability.

Scania Solutions shows you how to ensure your uptime remains high and your vehicles stay on the road longer, giving you the best opportunity to make money from them.

Scania has worked very hard in recent years in Australia to deliver you not only the best and most suitable vehicle for your needs and your application, but we have also worked tirelessly to bring you the replacement parts you need, when you need them, and most importantly, at a great price.

We only fit Genuine Scania replacement parts.

We know that customers are often concerned about the price of parts and relative competitiveness with non-genuine parts sourced outside of the Scania dealer network, but we are confident nothing comes close to Genuine Scania replacement parts in terms of value for money. Plus, you'll find most of the parts in this booklet have not increased in price since 2015.

We don't want you to fit a non-genuine part and then find out at the roadside that you have made a mistake. Saving even a small amount on a non-genuine part loses all economic sense if you're stopped unexpectedly. At best you'll be keeping your customers waiting longer than promised and at worst you could be compromising the safety of your drivers, your vehicle and other road users.

So, don't take an expensive bet on a cheap alternative replacement part. Plus, Scania's branches and its nationwide network of authorised independent dealers are staffed by experts in the world of Scania parts. They're sure to provide you with the correct part each and every time, based on your vehicle's unique identification number.

We have the right parts, we know how to fit them, and we offer a 2-year (extended) warranty on parts fitted by our own branches at nine locations around Australia, and our independent dealer network. We also offer a fixed price repair on a number of common replacement part exchanges, further reducing downtime and whole-of-life running expenses.

To find out more call any of our branches or dealers. We're here to help you achieve maximum uptime and profitability.

# Offer price based on Genuine Service Exchange product and subject to a core deposit.

## WHAT IS SERVICE EXCHANGE?

Re-engineered to the original specification with excellent availability and backed by a full Scania warranty plus the comprehensive international operator support service of Scania Assistance. Every Scania Service

Exchange part is of the same high quality as a brand new Scania part, because we recycle those components that have retained their original build-quality and replace those that haven't.

# BRAKES

## BRAKE DISC

4TB, PGR, FKN  
Not ZF rear axle

1852817

## *i* BRAKE DISC

Scania high strength brake discs are renowned for their excellent cooling properties. They can withstand up to 900°C, which means a longer life and less risk of brake fade, giving you highly reliable braking and increased driving safety.

**\$299** EACH

## BRAKE PAD KIT

4TB, PGR, FKN  
CITY Bus

2325212  
2325213

## *i* BRAKE PAD KIT

How long your brakes last and how well they function depends on where and how you drive. Scania brake pads are carefully tuned to Scania brake discs. It's a combination that optimises brake functions and reliability, giving you long-lasting safety on the road.

**\$259** EACH

**BRAKE DRUM**

3TB, 4TB, PGR (7 Inch)	1414152
3TB, 4TB, PGR (8 Inch)	2109552

***i* BRAKE DRUM**

Scania high-strength, cast iron brake drums are renowned for keeping their shape and can deter cracking. They will withstand very high temperatures, which guarantees a longer life and less risk of brake fade, giving you reliable braking and increased driver safety.

**GENERAL TERMS & CONDITIONS**

All prices include GST. Prices may change at any time without notice. All items subject to availability. # Offer price based on Genuine Scania Service Exchange product and subject to a core deposit. The images used in this publication represent the type of product available and may not look exactly like the product purchased. Vehicles may be specified with products other than those shown, so before purchasing the item you require please check with your local Scania parts department that it is the correct product for your vehicle type. All information is believed to be correct at time of going to print. However, Scania reserves the right to introduce, at any time, modifications or changes to detail as part of a policy of continuous improvement. Valid 01/01/2018 to 31/12/2018.

**Scania Genuine Parts Terms and Conditions**

Our goods come with guarantees that cannot be excluded under the Australian Consumer Law. You are entitled to a replacement or refund for a major failure. You are also entitled to have the goods repaired or replaced if the goods fail to be of acceptable quality and the failure does not amount to a major failure. Subject to any such non-excludable rights and this express Warranty, all other terms, warranties, conditions, representations and undertakings (express or implied) which may lawfully be negated, excluded, modified, limited or restricted from and in relation to the sale of your Scania part/s are hereby to the extent permitted by law (but not otherwise) negated, excluded, modified, and restricted and the Company's liability shall, whenever permitted by law, be limited to the repair or replacement of any defective or faulty part or the payment of the cost of any such repair or replacement as the Company in its sole discretion determines to be appropriate. Scania Australia Pty Ltd (the Company) warrants that each new Scania Spare Part sold by it or any of its Branches or Authorised Distributors/Dealers to be free from defects in material and workmanship under normal use and service, its obligation under this warranty being limited to repairing or replacing, as hereinafter provided, at its option, at the Company's Branch or Authorised Distributors/Dealers discretion any part or parts found to the Company's satisfaction to be defective upon examination by it.

**Fitted Price Repairs Terms and Conditions**

1. Scania Australia standard terms and conditions of sale apply. These are available online at [www.scania.com.au](http://www.scania.com.au)  
 2. Applies to Retail sales only. 3. Available at participating branches and dealers only. 4. Fitted prices include inspection, diagnosis, verbal assessment, Scania approved parts, labour and consumables. 5. All prices include GST. 6. The published prices apply to the job shown (part numbers & RTS codes) and do not apply to other similar products available from Scania. 7. The Fitted Price Repair special offer pricing cannot be used in conjunction with any other discount or promotion. 8. Fitted Price Repair pricing is part of a promotional offer, which can be withdrawn at any time. In the event Scania Australia chooses to withdraw the promotion, then notice will be issued via the website: [www.scania.com.au](http://www.scania.com.au). This would not affect any pre-existing or accepted work agreed to by Scania Australia for the duration of the promotion. 9. Scania Australia may in the future alter any terms of this promotion without notice and in the event Scania Australia chooses to alter the terms of this promotion, then notice will be issued via the website: [www.scania.com.au](http://www.scania.com.au). This would not affect any pre-existing or accepted work agreed to by Scania Australia for the duration of the promotion. 10. All prices assume presentation of the vehicle, by the customer, to the repairing workshop. 11. Additional breakdown related charges will apply if the vehicle has suffered an involuntary stop at the roadside. 12. The Fitted Price Repairs published are created using Scania's standard times based on standard Scania vehicle specifications and do not include any additional labour required for the removal of catwalks, ancillary equipment, bodywork, superstructures or any non-standard equipment fitted to the vehicle. Additional time required to complete the job in respect of these items will be agreed with the customer prior to any work being carried out. 13. Mineral oils are used in all circumstances. Fitted Price Repairs do not include semi synthetic or fully synthetic oils. If these oils are required the difference in price between mineral oil and the semi synthetic or fully synthetic oils will be charged. 14. All information is believed to be correct at the time of going to press, however, Scania reserve the right to introduce at any time modifications of changes to the jobs and or programme as part of a policy of continuous improvement.

**WARRANTY CLAIMS**

To make a claim under this warranty:

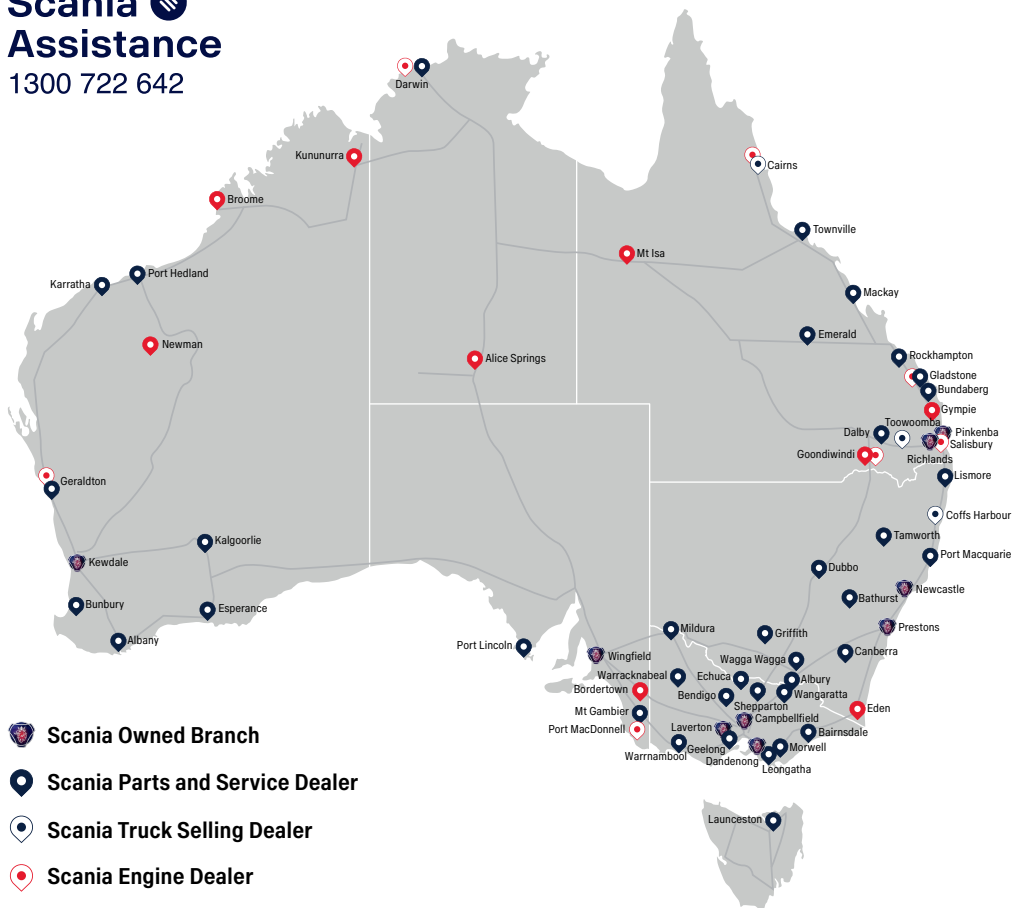

1. Return the vehicle to a company-owned Scania branch or authorised dealer. 2. Provide details of the warranty (including the invoice for work completed) when delivering your vehicle to the company-owned Scania branch or authorised dealer and ask the service personnel to lodge a claim on your behalf. 3. Complete a claim form if requested. Other documentation such as proof of servicing, invoices etc. may also be required. We will ask for this documentation if we decide that it is required. 4. When travelling away from home, in the event that your vehicle requires emergency repair work and you are unable to deliver your vehicle to a company-owned Scania branch or authorised Scania dealer please contact Scania Assistance on 1300 722 642. Towing, overtime and roadside assistance costs are not covered on any warranty claims.

For more information relating to the terms and conditions relating to warranty claims please contact: Scania Australia Pty Ltd. 212-216 Northbourne Rd, Campbellfield VIC 3061

**\* PLEASE NOTE:** Refundable core fees will be charged at the time of product purchase and will show as a separate line item on your invoice. Core fee credit will be applied to the customer account or invoice when cores are received subject to the following conditions: Cores must be complete, fully assembled, drained of fluids and in rebuildable condition and chassis number and mileage information must also be provided. Burnt products or any cores that are broken damaged or destroyed by incorrect use, dismantling, handling or transportation will not be accepted. Prices within the promotion include GST and conclude end of December 2018, or while stocks last. Images in this brochure are for display purposes only and may not represent actual products. Offers available from your authorised Scania branch or participating dealers. Prices and specifications were correct at the time of printing and are subject to change without notice. ARC Licence number: AU 38531. For a full list of Scania terms and conditions please go to [scania.com.au](http://scania.com.au). RTA # AU07116
