# SCANIA LAUNCHES AUSTRALIA'S SAFEST NEW TRUCK RANGE

Scania Australia has launched Australia's safest truck range with the introduction of the New Truck Generation family comprising P-, G-, R- and S-series cabs, all of which are available in either Euro 5 or Euro 6 emissions compliance.

These new trucks are focused on the long and medium haul markets (S-, R- and G-series) as well as urban distribution (P-series), the new XT bulk construction materials handling range, and the fire services-friendly four-door, six-seater Scania CrewCab.

Scania's famous modular drivetrain components have been thoroughly renewed to deliver significant fuel economy savings compared with the already efficient vehicles they replace.

Scania's in-house gearbox range is now fitted with a layshaft brake to speed up gearchanges for smoother and more frugal performance.

Together with significant advances in aerodynamic design, the mechanical upgrades deliver at least 5% better fuel efficiency across the range.

Scania has introduced a new 7.0-litre Euro 6 engine for P-series applications, while the heavily revised and updated, cleaner and more frugal 9.0-litre 5-cylinder, 13-litre 6-cylinder and 16-litre V8 engines are all offered in Euro 5 and Euro 6 guise.

**2**  
YEARS  
UNLIMITED  
WARRANTY

Scania Fitted Price Guarantee\* gives you a 2-year parts and labour warranty on Fitted Price Repairs in this Uptime when fitted by a Scania branch or participating authorised dealer (Excludes other repairs carried out by the Scania branch/dealer).

# MAKE IT YOURS

No one is prouder of their new Scania than you, so why not add that little extra stamp of personalisation using the broad range of Scania Accessories. Across Europe, Scania customers love to add a personal touch to their vehicles and we think it is time Australian customers followed suit. So, we are making a huge collection of Scania Accessories available to you, from sheepskin seat covers (Australian-sourced, naturally), a built-in microwave or electric kettle on the inside, to a selection of light bars with super bright LED spot and driving lamps for the front and back of the truck, not to mention shiny hub and wheel caps. These are all Genuine Scania products, designed by Scania and made for Scania, and all can be fitted by your local dealer.

**Scania Accessories add convenience, comfort, peace-of-mind and that final touch that says "IT'S MINE"!**

**\$39 each**      2022275

**\$49 each**      2002705

FROM **\$29**

✓ Scania oil filters are designed to reduce the wear and tear on your engine. They resist engine vibration, shockwaves from oil pumps and the stresses associated with cold engine starts. This makes for reduced repair and maintenance costs.

# NEW SCANIA FLEXIBLE SERVICE PACKAGES

**UP TO 3 YEARS' INCLUDED WITH  
EVERY NEW TRUCK\*\***

**Increased Profitability**

**Maximise your Uptime**

**Tailored plan via Operating Data**

**Servicing when required**

Scania is launching new Flexible Maintenance Service Packages to coincide with the debut of the New Generation Truck Range.

Choose from 2 years of R & M or 3 years of Maintenance Only packages. All include a bonus Scania Optimise Control 10 vehicle performance monitoring subscription for 12 months plus 2 Driver Training sessions, using data from your vehicle. Maximise your uptime and increase your profitability with Scania Flexible Service Packages and bonus monitoring.

Scania Maintenance with Flexible Plans sets servicing timeframes to meet the precise needs of each truck, based on distance travelled, loads transported, the type of roads and driver efficiency. It can mean fewer or faster workshop visits, reducing downtime, boosting profitability.

## STANDARD WITH EVERY NTG TRUCK DELIVERED IN 2018

\*\* Up to 2 Years' Flexible R and M or upto 3 years Flexible Maintenance Only included for retail customers only who order and pay for Scania NTG vehicles before 31 December 2018. (R & M not available for Road Train) Contact your Scania Branch or Scania Account Manager for terms and conditions.

# A NEW LEASE ON LIFE

**2**  
YEARS  
UNLIMITED  
WARRANTY

## Scania's Bus Service Exchange programme delivers a new engine complete with a 2-year warranty.

Scania is giving hard-working buses a new lease on life with a new workshop Service Exchange programme that provides a factory-reconditioned engine with a 2-year warranty.

The Scania Service Exchange programme is carried out by the Scania branch workshop closest to the customer and is designed to save time and money. It is ideal for route buses or interstate coaches that may have clocked up significant kilometres in a chassis that may be only halfway through its working life.

The Scania Service Exchange programme saves time by replacing the traditional model some operators have followed of performing an in-chassis reconditioning of their engines at their own workshops. Traditionally this has meant having the vehicle off the road for up to 4 weeks. Scania's alternative is to provide a 3-day turn-around for the installation of the replacement engine.

**KEEP YOUR FLUIDS UP TO SPEC**

Scania branded consumables are as vital to the well-being of your Scania as the right type of blood is for your body.

Scania ensures the specification is perfectly aligned with your vehicle and its engine type.

For coolants, keeping the engine cool is only one of the jobs this liquid lifeblood undertakes. It also helps to prevent rusting and rotting and other chemical reaction nasties from attacking the cooling system's metal and rubber components, not to mention the gaskets and seals.

So, for the most reliable uptime, protect your truck or bus with Genuine Scania consumable products.

Purchase any item over \$100 from this edition of Scania Uptime & RECEIVE A COMPLEMENTARY **SCANIA T-SHIRT.**

**Scania Genuine Parts Terms and Conditions**

Our goods come with guarantees that cannot be excluded under the Australian Consumer Law. You are entitled to a replacement or refund for a major failure. You are also entitled to have the goods repaired or replaced if the goods fail to be of acceptable quality and the failure does not amount to a major failure. Subject to any such non-excludable rights and this express Warranty, all other terms, warranties, conditions, representations and undertakings (express or implied) which may lawfully be negated, excluded, modified, limited or restricted from and in relation to the sale of your Scania part/s are hereby to the extent permitted by law (but not otherwise) negated, excluded, modified, and restricted and the Company's liability shall, whenever permitted by law, be limited to the repair or replacement of any defective or faulty part or the payment of the cost of any such repair or replacement as the Company in its sole discretion determines to be appropriate. Scania Australia Pty Ltd (the Company) warrants that each new Scania Spare Part sold by it or any of its Branches or Authorised Distributors/Dealers to be free from defects in material and workmanship under normal use and service, its obligation under this warranty being limited to repairing or replacing, as hereinafter provided, at its option, at the Company's Branch or Authorised Distributors/Dealers discretion any part or parts found to the Company's satisfaction to be defective upon examination by it.

**\* Fixed Price Repairs Terms and Conditions**

1. Scania Australia standard terms and conditions of sale apply. These are available online at [www.scania.com.au](http://www.scania.com.au) 2. Applies to Retail sales only. 3. Available at participating branches and dealers only. 4. Fitted prices include inspection, diagnosis, verbal assessment, Scania approved parts, labour and consumables. 5. All prices include GST. 6. The published prices apply to the job shown (part numbers & RTS codes) and do not apply to other similar products available from Scania. 7. The Fitted Price Repair special offer pricing cannot be used in conjunction with any other discount or promotion. 8. Fitted Price Repair pricing is part of a promotional offer, which can be withdrawn at any time. In the event Scania Australia chooses to withdraw the promotion, then notice will be issued via the website: [www.scania.com.au](http://www.scania.com.au) . This would not affect any pre-existing or accepted work agreed to by Scania Australia for the duration of the promotion. 9. Scania Australia may in the future alter any terms of this promotion without notice and in the event Scania Australia chooses to alter the terms of this promotion, then notice will be issued via the website: [www.scania.com.au](http://www.scania.com.au). This would not affect any pre-existing or accepted work agreed to by Scania Australia for the duration of the promotion. 10. All prices assume presentation of the vehicle, by the customer, to the repairing workshop. 11. Additional breakdown related charges will apply if the vehicle has suffered an involuntary stop at the roadside. 12. The Fitted Price Repairs published are created using Scania's standard times based on standard Scania vehicle specifications and do not include any additional labour required for the removal of catwalks, ancillary equipment, bodywork, superstructures or any non-standard equipment fitted to the vehicle. Additional time required to complete the job in respect of these items will be agreed with the customer prior to any work being carried out. 13. Mineral oils are used in all circumstances. Fixed Price Repairs do not include semi synthetic or fully synthetic oils. If these oils are required the difference in price between mineral oil and the semi synthetic or fully synthetic oils will be charged. 14. All information is believed to be correct at the time of going to press, however, Scania reserve the right to introduce at any time modifications of changes to the jobs and or programme as part of a policy of continuous improvement.

**WARRANTY CLAIMS**

To make a claim under this warranty:

1. Return the vehicle to a company-owned Scania branch or authorised dealer.
  2. Provide details of the warranty (including the invoice for work completed) when delivering your vehicle to the company-owned Scania branch or authorised dealer and ask the service personnel to lodge a claim on your behalf.
  3. Complete a claim form if requested. Other documentation such as proof of servicing, invoices etc. may also be required. We will ask for this documentation if we decide that it is required.
  4. When travelling away from home, in the event that your vehicle requires emergency repair work and you are unable to deliver your vehicle to a company-owned Scania branch or authorised Scania dealer please contact Scania Assistance on 1300 722 642.
- Towing, overtime and roadside assistance costs are not covered on any warranty claims.

For more information relating to the terms and conditions relating to warranty claims please contact: Scania Australia Pty Ltd. 212-216 Northbourne Rd, Campbellfield VIC 3061

\* PLEASE NOTE: Refundable core fees will be charged at the time of product purchase and will show as a separate line item on your invoice. Core fee credit will be applied to the customer account or invoice when cores are received subject to the following conditions: Cores must be complete, fully assembled, drained of fluids and in rebuildable condition and chassis number and mileage information must also be provided. Burnt products or any cores that are broken damaged or destroyed by incorrect use, dismantling, handling or transportation will not be accepted. Prices within the promotion include GST and conclude end of November 2018, or while stocks last. Images in this brochure are for display purposes only and may not represent actual products. Offers available from your authorised Scania branch or participating dealers. Prices and specifications were correct at the time of printing and are subject to change without notice. For a full list of Scania terms and conditions please go to [scania.com.au](http://scania.com.au). RTA # AU07116
