# Scania Return to Invoice (RTI) insurance

This insurance is designed to protect you in the event that your vehicle is recorded as a write-off or total loss by your motor insurer. Return to Invoice (RTI) will pay the difference between the motor insurance settlement (market value of the vehicle) and the original net invoice price you paid for your vehicle.

## Key features at a glance

- ✓ Cover for all makes and models of new and used trucks, trailers, buses, coaches, vans and passenger cars used for a commercial purpose
- ✓ Protects new and used vehicles up to 8 years old
- ✓ Flexible cover from 12 months up to 36 months
- ✓ Cover up to 20% of original vehicle value or a maximum of £80,000 for one single event
- ✓ Up to £300 paid towards your vehicle insurance excess
- ✓ Premiums payable over the term of your agreement with Scania Finance or simply make a one-off policy payment

Even the best comprehensive insurance policies can leave you short if your vehicle is written off. What do you do if the market value paid out by your insurer is less than what you paid for the vehicle? Could you afford to find the difference to buy the replacement vehicle you want or would you just be left out of pocket? Scania Return to Invoice (RTI) insurance can protect you and your business from the burden of carrying the cost.

Scania RTI is designed to help you guard against having to find the difference, giving you the financial support you need to get back on the road with a new vehicle. Whether it's a truck, trailer, coach, van or car we can help you afford the replacement vehicle you want if your vehicle is written off.

## Why buy Scania RTI insurance?

- Protects your investment in your vehicle(s)
- Provides you with the reassurance and financial support you need in the event of theft or total loss of your vehicle(s)
- May help to prevent you having to find additional cash for a replacement vehicle
- Can help you get a 'like for like' replacement vehicle rather than having to trade down
