We're the number one choice for many leading operators because we give our customers exactly what they need when they need it: the highest levels of expertise, premium quality materials and a full programme of training, support and maintenance services.

We've been building passenger vehicles since 1911, shaping the face of buses and coaches through the decades. We constantly improve our designs to keep ahead of changing needs and passenger expectations so we can deliver outstanding vehicles, designed and manufactured to world-class standards.

Choose us and you'll have the confidence that comes with investing in a premium product; designed, manufactured and tested to the highest standards. And you'll be supported by real people; experts in their field, committed to giving you an outstanding, personal service.
