RETURN TO INVOICE (RTI) INSURANCE

Could you afford to find the difference to buy the replacement vehicle you want if your vehicle is recorded as a write-off or total loss by your motor insurer or would you be left out of pocket?

If your vehicle is stolen or involved in a total loss accident, RTI insurance will bridge the gap between your insurance pay out, which is usually the market value of your vehicle and the original net invoice price you paid for your vehicle.

Scania's RTI insurance can protect you and your business and is designed to give you the financial support you need to get back on the road with a new vehicle, whether it's a truck, trailer, coach, van or car.

Key features at a glance

- Cover for all makes and models of new and used trucks, trailers, buses, coaches, vans and passenger cars used for a commercial purpose
- Protects new and used vehicles up to 8 years old
- Flexible cover from 12 months up to 36 months
- Cover up to 20% of original vehicle value or a maximum of £80,000 for one single event
- Up to £300 paid towards your vehicle insurance excess
- Premiums payable over the term of your agreement with Scania Finance or simply make a one-off policy payment

Why buy Scania RTI insurance?

- Protects your investment in your vehicle(s)
- Provides you with the reassurance and financial support you need in the event of theft or total loss of your vehicle(s)
- May help to prevent you having to find additional cash for a replacement vehicle
- Can help you get a 'like for like' replacement vehicle rather than having to trade down
