

## Scania Used Driveline Warranty

1. This Warranty applies to selected Scania used vehicles sold after 01 June 2020 (**Vehicle**).
2. Should you identify a Vehicle fault, the Vehicle must be taken to a Scania authorised workshop at the first opportunity. If the Vehicle has come to an involuntary stop, Scania Assistance should be contacted who will arrange for roadside assistance.
3. Your Scania Dealer will then verify applicability of the Warranty cover and carry out any necessary repairs.

### **Components Covered**

4. This Warranty covers the following components for the Warranty Period (subject to the Exclusions below):

<b>Castings</b>	Cylinder block, cylinder head, timing gear cover, gearbox/transfer casting, rear axle housing. Damage as a result of accident, frost or overheating due to drive-on abuse is excluded.
<b>Engine</b>	Flywheel, oil pump, crankshaft, crankshaft bearings and thrust washers, timing gears, camshafts and bearings, cam followers, oil cooler, head gasket, valves and guides (excluding burnt out valves), pistons, piston rings, cylinder liners, con rods, turbocharger. Exhaust brake components (excluding seized units), core plugs, rear main oil seal, front crankshaft oil seal. EGR valve In the event of the engine having been operated on bio-fuels, the manufacturer's additional servicing recommendations must have been followed for the item to be covered by this warranty.
<b>Cooling System</b>	Thermostat, water pump, cooling fan clutch, intercooler, EGR cooler (where applicable), coolant radiator (excluding damaged and corroded units). The engine coolant must be in line with Scania recommendations. Cover excludes all other parts associated with the cooling system.
<b>Fuel System</b>	Fuel supply pumps, SCR doser and pump, EGR control valve and actuator, injector pipes, GAS regulator valve. Nox sensors (T115 & T131) and differential sensor (T141) under fuel system SCR.
<b>Clutch</b>	Clutch cover, release bearing (when subject to mechanical failure). Cross shaft bearings and bushes, master cylinder, servo cylinder, Electronic Clutch Actuation unit. The clutch disc will be covered for the first 3 months of driveline warranty (under general wear and tear) but not if the vehicle has been driven inappropriately or shows signs of misuse / abuse.
<b>Manual Transmission</b>	Gears, shafts, synchronising units, selectors & bushes (internal), range change, gearbox oil seals. Gear selection control valves. PTO units if fitted from new or by a Scania authorised dealer. Cover excludes external linkages and adjustments.
<b>Automatic Transmission</b>	Gears, clutches, torque converter, valve block, oil pump, bearings and bushes. Cover excludes external signals and adjustments.
<b>Propeller Shaft</b>	Universal joints, propeller shaft bearings and transfer box. Cover excludes incorrect operation.
<b>Rear Axles</b>	Crown wheel, pinion, planetary gears, half shafts, pinion bearings, hub reduction gears, hub and pinion seals. Differential locks and mechanism. Cover excludes incorrect operation or adjustments and hub bearings.
<b>Brakes</b>	Compressor
<b>Steering</b>	Steering pump, Steering box.

<b>Electrics</b>	Electronic control units as listed via Scania diagnostic program and subject to results from testing report. Cover is for COO (E30), EMS (E44), EEC (E67), GMS / TMS (E5), starter motor, alternator.
------------------	---

5. During the Warranty Period, Scania will remedy any manufacturing defect in the Vehicle which is a direct result of defective materials or workmanship in the design or manufacture of the “Components Covered” above. Scania shall at its own cost carry out such repair or replacement (at Scania’s sole discretion) including dismantling and re-installation (as necessary) to achieve a cost-effective repair commensurate with the nature of the failure and the age and mileage of the vehicle. Scania may use refurbished parts in any such repair in satisfaction of its Warranty obligations.

### **Exclusions**

6. This Warranty will not cover any component not specifically listed as a Component Covered above.
7. Notwithstanding clauses 4 and 5 above, the following exclusions apply:
  - 7.1. items covered by Max 24 or other Repair & Maintenance agreements;
  - 7.2. any defects resulting from: road accidents; accidental or natural causes; unsuitable careless or abnormal use; frost; overheating due to drive-on abuse; overloading beyond maximum weights specified by the manufacturer; inadequate or faulty servicing (including exceeding specified service intervals or criteria, insufficient lubrication, dirt, neglect, acts or omissions of the operator or third parties, use of obsolete parts or accessories) or other similar circumstances or causes;
  - 7.3. consumable items;
  - 7.4. normal wear and tear (such as but not limited to brake linings, clutch drive plates, drive belts, or other items that have reached their end of life due to use such as clutch release bearing, belt tensioner);
  - 7.5. failures due to any additions or modifications after delivery (save where expressly authorised and warranted in advance by Scania), any broken or modified Scania or supplier seals or settings, any non-Scania or inferior quality parts; inadequate third-party service fitment (including bodies or ancillary equipment) or diagnosis; and
  - 7.6. failures due to failure to immediately observe any cautions or warnings, failure to carry out immediate repairs (including any emergency or temporary preventative repairs), continuing to use the product after a fault is or should have been apparent, inadequate precautions in stopping and recovering a vehicle; failure to promptly notify and present the vehicle to a Scania Dealer to verify and carry out any Warranty obligations.
8. The following conditions of Warranty must be satisfied at all times. If they are not demonstrably fulfilled (where relevant), the Warranty will be invalidated:
  - 8.1. the vehicle must be correctly maintained in accordance with Scania recommended maintenance guidelines and schedules, for the relevant operation type;
  - 8.2. the vehicle must be operated in a legal manner and with due care; and
  - 8.3. the vehicle has must be stopped as soon as any defect has become apparent (including any warning lights) so that no further damage is caused.

9. This Warranty does not cover any damages, monies, costs, losses, expenses or any work done other than as approved at a Scania authorised workshop and/or any monies, losses, costs or claims otherwise incurred.

### **Warranty Period**

10. The duration of this Warranty shall be as selected and recorded in the Driveline data sheet, or as recorded by Scania on the certificate on entering into this Warranty (**Warranty Period**).

### **Policies**

11. Warranty claims and payments will be processed in accordance with Scania Policies and Manuals issued from time to time.

### **Foreign Warranty Repairs**

12. Warranty repairs may be offered at authorised and participating Scania Dealers outside the UK, subject to applicable laws and procedures. These Warranty terms and rates will apply, and Scania's obligation shall be limited to what the necessary repair would have cost at a UK Scania Dealership.

### **Statutory Liability**

13. Nothing in this Warranty shall exclude or limit liability for death or personal injury arising from the negligence or breach of strict statutory duty of Scania. In the event that a sale or supply is legally categorised as a Consumer transaction, the consumer rights as to quality and supply with due skill and care shall not be restricted or excluded.

### **Jurisdiction**

14. This warranty is governed by English law and is subject to the exclusive jurisdiction of the English courts.
