## Scania Extended Driveline Warranty

Scania (Great Britain) Ltd., Extended Driveline Warranty Package offers extended **protection against failure of a component directly attributable to a manufacturing or material defect** following on from initial standard first purchaser cover. This product is for **new vehicles only** and must be purchased prior to the new Scania vehicle going on the road to ensure continuous cover from the date of registration. Scania records of cover shall be the definitive. Scania standard conditions of sale shall apply, as modified by this Driveline Warranty.

If any prior cover (such as warranty or inclusive repair and maintenance agreements) is subject to mileage limits which have been exhausted, then the extended cover under this agreement shall commence at that time and shall expire at an equivalently earlier date, and the Commencement and Termination Dates in the Extended Warranty data sheet, or as recorded by Scania shall be adjusted accordingly.

Conditions applying to any Driveline Warranty claim Subject to the Inclusions Limitations and Exclusions below, the customer must also ensure that:-

- the vehicle has been correctly maintained in accordance with Scania recommended maintenance schedules, for the relevant operation type.
- the vehicle has been operated in a legal manner and with due care.
- the vehicle has been stopped as soon as any defect has become apparent (including any warning lights) so that no further damage is caused.

In the event of a failure relating to the items covered by this driveline warranty becoming apparent during the period of cover, the vehicle must be taken to a Scania authorised workshop at the first opportunity, which will verify cover and carry out the necessary repairs covered by this driveline warranty. In the event of a defect causing the vehicle to come to an involuntary stop Scania Assistance should be contacted, who will arrange for roadside assistance from the nearest Scania authorised workshop.

### Extended Driveline Warranty terms

The driveline warranty is available on the following conditions:-

1. Repair obligation. During the applicable driveline warranty period Scania will remedy any defect in the Scania vehicle which is a direct result of defective materials or workmanship in the design or manufacture of the product and which is included in the list of Inclusions below. Scania shall at its own cost and option carry out such repair or replacement including dismantling and re-installation as is necessary to achieve a cost effective repair commensurate with the nature of the failure and the age and mileage of the vehicle. The driveline warranty will not be affected by the use of refurbished parts in any such repair.
