General terms

All prices excluding VAT. The base network includes all other CPOs in our network that are not included in the Preferred Network. Charging at both Base and Preferred Network CPOs is available to all Scania Charging Access customers.

Charging event transaction

The invoicing of varying fees for charging is based on the applicable tariff per kWh. The charging event starts if the vehicle is connected to the charging station and the driver has authenticated at the station. The charging event ends when the vehicle is disconnected. All rates excluding VAT, subject to changes and errors.

Blocking fee

Currently, no blocking fee is charged. A blocking fee, however, could be implemented in the future based on market developments.
