

# Finance Lease

Scania Finance Lease allows you to offset the lease of a rental vehicle against your taxable profits. Made for those leasing vehicles for a fixed period of time, our solution allows you to budget for fixed monthly payments and collect VAT on each rental. At the end of the agreement, you can continue using your vehicle or sell it for an agreed amount – keeping the majority of proceeds from the sale.

- A low capital outlay
- Fixed payments each month
- You can budget more accurately
- You own the vehicle and it shows as an asset on your balance sheet
- VAT is collected on each rental
- You can opt for a lease extension for a minimal amount
- You keep the majority of the vehicle proceeds after sale
