

# Operating Lease

Scania Operating Lease uses the residual value of your vehicle to lower your monthly lease payments. This simply means that you can return the vehicle to us at the end of your agreement and you'll have nothing more to pay – providing the agreed return condition and mileage parameters are met. It's the perfect solution for those seeking low risk, low administration and lower monthly payments.

- A low initial outlay
- Fixed payments each month
- Lower monthly payments
- Rental payments allowable against your taxable profits
- VAT is collected on each rental
- No risk (providing return and mileage conditions are met)
- Off-balance sheet funding
- Reduce your fleet administration
- No disposal problems
