**£125.00\***

## BANKSMAN LIGHTING

The Banksman is a manoeuvring aid that delivers additional bright white light to the sides of any vehicle where traditional reversing lights cannot cover.

The lights are fitted around the chassis to direct pure bright light downwards and away from the vehicle, illuminating the area around and creating a safer working environment.

Helping drivers to manoeuvre more easily and with confidence even in small and narrow spaces.

AMBM3KIT1366

**£575.00\***

Additional brackets may be required for certain applications.

## DVSA CHANGES TO ROLLER BRAKE TESTING

From April 2025, the DVSA require all trailers to undergo four laden roller brake tests annually or use an Electronic braking Performance Monitoring System for compliance.

This update aims to improve road safety and ensure consistent brake performance.

For additional details, please contact your local Scania branch.

# CONNECTED SERVICES

## COMPLETE FLEET

Complete Fleet enables the integration of alternative vehicle brands into MyScania, alongside your Scania vehicles, based on their original, compatible telematics solutions, without any costly or complex hardware retrofits.

## DATA ACCESS

The Data Access solution helps you to seamlessly integrate Scania vehicle data from MyScania with your existing, compatible third-party supplier systems. It is designed to allow for read-only access to secure vehicle information via the cloud, eliminating the need for additional onboard hardware.

Visit our website to find out more about Connected Services.

**24 MONTH**  
FITTED PARTS  
WARRANTY

All VRS parts are available through the Scania network, and when fitted in a Scania approved workshop, they benefit from our 24-month fitted parts warranty.

Product	Weight	Price
COMPLEX GREASE	180 KG	£794.00*
FIFTH WHEEL GREASE	50 KG	£221.50*
SEMI-FLUID GREASE	50 KG	£239.75*

COMPLETE FLEET requires subscription to Multi-brand Positioning Package (plus Control Package or Positioning Package) or Multi-brand Tachograph Package (plus Remote Download Package or Remote Download Plus Package). Mixed fleet required including at least one Scania truck and access to MyScania. DATA ACCESS requires subscription to Service Planning, Position or Performance Package. Service Planning package requires current Scania maintenance plan. Third party vehicle manufacturers may charge separate data access fees. Please see <https://fmp-help.cs.scania.com/help/attachments-service-description#multibrand> for service descriptions & <https://www.scania.com/uk/en/business-with-scania.html> for Connected Services T&Cs. Exclusions & limitations apply. Connected services are subject to: current subscription/Connected Services Agreement with Scania; compatible vehicles/fleets, hardware, software (including telematics) & web browser; user registration & account(s); download & set up of the MyScania app. Services & information subject to mobile data connection/network coverage, working equipment & system availability. Data depends on subscription level. Images used are for illustration only. Information correct at time of going to print.

\*Terms and conditions apply. Parts prices exclude VAT unless otherwise stated. Prices valid until 31st December 2025. Parts prices may change at any time without notice. All products are subject to availability. All prices are for the parts only and do not include any fitment or labour costs unless stated. The images used in this publication represent the type of product available and may not look exactly like the product purchased. All information is believed to be correct at time of going to press. However, Scania reserves the right to introduce, at any time, modifications or changes to detail as part of a policy of continuous improvement. For full terms and conditions of fixed price repairs, sale and warranty, please refer to our website: <https://www.scania.com/uk/en/business-with-scania.html>.
