36 MONTH MAJOR UNITS WARRANTY

All Scania engines, gearboxes, planetary gears and axle gears include a three years warranty when fitted by a Scania authorised dealer in the UK.

Our 36 month major units warranty includes nationwide coverage and Scania Assistance - an invaluable service that is available 24/7/365 for your peace of mind.

With one call, you're in touch with a professional service coordinator who will have access to your vehicle records.

The warranty covers the failing Scania part and any other Scania parts that are damaged as a direct consequence. Rest assured that you will be taken care of with the utmost attention and reliability.

SERVICE EXCHANGE

Service Exchange forms part of Scania's "Driving the Shift" philosophy, which has a focus on sustainability and eliminating waste. This includes limiting the impact our replacement parts have on our planet.

Sometimes the inevitable happens where worn parts need to be replaced. It may be the case that it is uneconomical to repair or replace it with a brand new Scania part.

This is where you could consider a Service Exchange part for your engine, gearbox, planetary gears and axle gears.

Here's the best bit though. Each part is remanufactured to the same Scania specification and quality as its brand new equivalent part, covered by the same warranties, and will ensure your vehicle is back on the road quickly and economically.
